Old Oak Academy Purpose

Old Oak Academy is an Education Management Institute. Our purpose is to create a new stream of education that focuses on Student Development, while maintaining the laws that govern Distance Education and eLearning.

The Institute in no manner acts or resembles a 'school', and offers no accreditation. We believe that there are, already in existence, sought after and incredible companies who offer such services, and our purpose is to guide the individual in making the right choice for their futures.

We do not approach students as if they were at school. The Academy functions as an office-space, where the student has a job to do. The Curriculum-Provider is the 'school' and between them and the Examinations Board, they offer the accreditation of the NSC NQF-Level 4 certificate.

This is a new concept that will be the way of the future. As we have been designing this model for almost a decade, we understand the Education Industry, and are able to advise, consult, and guide customers through this industry, preparing them for the expectations and requirements necessary for accreditation.

3. Specifications of Packages

There are five annual packages on offer:

1. Assessment Package
 - Grade 10 and 11
 - R22 000 per annum
 - Grade 12
 - R19 200 per annum
2. Virtual Learning (Assessment and Online Package)
 - Grade 10 and 11
 - R36 000 per annum
 - Grade 12
 - R36 000 per annum
3. Comprehensive Package (Assessment and Online Package and Boutique Campus)
 - Grade 10 and 11
 - R 45 600 per annum
 - Grade 12
 - R45 600 per annum
4. Examinations Package
 - Grade 10 and 11
 - R 8 000 per annum
 - Grade 12
 - R8 000 per annum
5. Test and Examinations Package
 - Grade 10 and 11
 - R14 000 per annum
 - Grade 12
 - R12 500 per annum

Please note that changing the package midyear is restricted, as work is not pro rata, and is not dependent on months. Some months have far more work than others, and as such the Academy should be paid for the work done. It is difficult to determine individual cost, because of the nature of our programme. Hence why the Academy charges an Annual Fee. Should the package be changed, the cost will be calculated and any outstanding monies will be charged to the account.

- Difference between Virtual Learning Package and Comprehensive Package:
 - When a student comes in everyday, it is easier to work with them with regards to peripheral things that are causing problems in their academia.
 - Students who are at home (Virtual Learning) only attend virtual sessions, which have obvious limitations.
 - Therefore, the additional cost per year considers the seat that is bought.
- Each package has its own advantages and limitations, and the package you should choose will be dependent on the situation. It is advised that you consult the Academy and have a discussion as to which option would suit you and your student.
- There are payment plans available.
- Grade 10 and 11
 - Academy marks Assignments and Tests and **certain** PATs. External Assessors are needed for **select** subjects.
 - Curriculum Provider marks Examinations
- Matric
 - All SBA is marked by the Curriculum Provider
 - Subjects are far more in-depth and training is done at a far greater intensity. The years work must be completed in eight months, which also includes two Examinations Series'. There is the same amount of work, just much less time.
- The staff are working towards November Examinations, and, penultimately, final Matric Examinations. This is a three-year package, as we are most effective with three years to prepare the student for their Finals, and in extension, University and the workforce. It is a very difficult task doing a three-year programme in a few months and expecting the same result.

4. Grade 10 and 11

4.1. Assessment Package

ASSESSMENTS	ANNUAL RATE
EXAMINATION SERIES	R8 000
June	R4 000
November	R4 000

SUBTOTAL	R45 600

6. Additional Costs and Limitations

Please note that there is a difference between the Academy cost, Curriculum Provider cost, and Examinations Board cost.

The Academy has no hidden costs (dependent on package).

Please do not confuse the Academy cost with the costs pertaining to these independent institutions.

Curriculum Provider Costs	Examinations Board Costs
<p>Any and all costs related to the Formal Assessments of the Curriculum Provider</p>	<p>Any and all costs related to the Final Matric Examination Series</p>
<p>The Curriculum – with hard copy textbooks (and facilitator guides)</p>	
<p>Consumer Studies PATs (external assessor – Academy has preferred)</p>	
<p>Visual Arts PATs (external assessor)</p>	
<p>Grade 12 Orals (external assessor – Academy has preferred)</p>	
<p>Couriering costs (dependent on the assessment)</p>	
<p>Stationery for Formal Assessments (Task Printing, Examination Pad Paper, Pens, Pencils, Calculators, Rulers, Erasers)</p>	
<p>Physical Sciences (Certain Experiments and Investigations)</p>	
<p>Life Sciences (Certain Experiments and Investigations)</p>	
<p>CAT (CD-R Disks)</p>	
<p>Other</p>
